

Walk 4: circular walk up to Great Hangman back via Girt Farm and Knapp Down Lane

View during the walk

Level 3: Steep Hills, slippery patches, stiles etc

Time: +-3 hours

Directions: When you step out of the door take a right. Take the first street on the right (Shute Lane) and continue up here until you reach the turning for Silver Dale Nurseries and take the next left up Knapp Down lane.

Or, you can take the next left, off Shute Lane (W Challacombe Lane), follow this round past 'Five Turnings' and Rocky lane. Take a small track (Ham's Lane) which branches off, just before a bungalow. Follow Ham's Lane up to Netherton, take a right and cross the stream and continue up the farm track to Netherton Cross. Here take a left onto the main lane and fairly soon take the next left up Knapp Down Lane. On a clear day there are beautiful views from here across the valley towards little Hangman. Take a left when you reach the farm track, called Girt Lane. Take a right past Girt Down Farm and follow the track up and over the fields to Blackstone Point Cross. Take a left here up to the top of Great Hangman Hill. At the cairn take a left and follow the coast path all the way down to Combe Martin beach along the cliff, and continue back up the High Street or take the back footpath past the school.
