

Walk 6: Lime Kiln with village and sea views

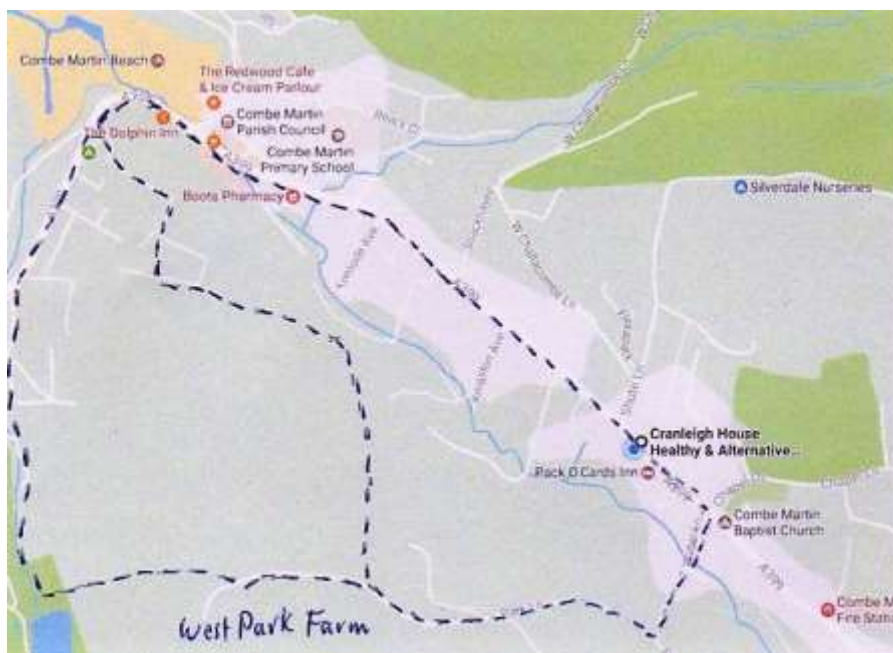

Time: 1 to 1,5 hours

Level: 2 Fairly steep climbs up and down. One stile.

Directions: From Cranleigh House turn left up the High Street, you will see The Pack o Cards pub on your right and just past this The Pet shop, take the next right down into Water Lane. Follow this track over the River Umer and notice the old lime kiln on your right hand side. The lane narrows into a path and goes up the hill along a rocky path enclosed with banks and trees. When you come out onto the

farm track turn right and follow along until you see a path branching off to your right, which follows the hedge and trees. Beneath, a big oak tree climb over the stile and follow the footpath across the field. You will see the old lime kiln on your right side (it looks like a large ivy bush). Keep going until you reach the gate. Follow the path straight ahead and keep going until you find yourself at the top of the lane overlooking the beach. Follow the lane down and turn right on the beach road. Return via the High St to Cranleigh House. You can stop for a cream tea/ meal or snack, several places along the way. (Picture: view over Combe Martin)

Walk 6 variation through West Park Farm and Crackalands Farm

Time: Slightly longer

Level: Same difficulty

Directions: Instead of branching off right and going over the stile into the lime kiln field, carry straight on up the track to West Park Farm. Before you reach the farm there is a green field on your right, cut across this down to the corner where there is a gate. Follow this path down to the stream and walk along the stream through Crackalands Farm down to the beach road. Follow the road past the sea and up the High St to Cranleigh House.
